Display Set-Up

Step 1

Remove all parts from your Soft Carry Case (2) and place on a flat, clean surface. Review the Frame (3) and notice where the pivoting light clips are located. This will determine the TOP of the display.

Step 2

Pull the Frame (3) up and out from the corners until it is fully expanded.

12 Quad (10' FRAME) shown

Step 3

Push all locking clips together to secure the Frame (3) in its expanded position.

OPEN

CLOSED

Pressure may need to be applied to secure.

Step 5

All shelves have an "X" shape on the underside that fits over the "X" shape on the Frame (3) "scissors".

Place the shelf notch (4) in its desired position making sure all four notches on the shelf sides fit over the Frame (3) "scissors".

(Not all Kits come with shelves)

Frame Note:

** REMOVAL NOTE:

Graphic Face Plates (1) have arrows and the words "IN" and "OUT" stamped on them.

To Determine which end is "OUT", look at the end of the Face Plate. The "OUT" side has 2 bump outs. The "IN" side does not.

Bump outs

No "bump outs" indicates it is the "IN" side.

TO INSERT FACE PLATES:

Slide (with force) the Face Plates (1) into the hubs. Typically you will slide RIGHT to LEFT when looking at the face of the Frame.

Face Plates need to be installed on ALL front and back hubs for Deluxe Geometrix.

Step 4

Attach Fabric Graphics (5) to frame by locating hole slits in each corner and securing them around the plastic pin on the face plate. Repeat this step for each banner until all are secured to frame in pre-set locations (see pages 3 and 4)

NOTE: STANDARD KITS SHOULD COME WITH FABRIC GRAPHICS ALREADY ATTACHED.

(Maximum Banners per peg is 6)

Frame Note:

TO REMOVE/REPLACE FACE PLATES:

If you need to replace or remove existing face plates, find the end of the Plate that is marked "OUT". **see NOTE if you cannot indicate which end is "OUT". Push Face Plate toward the "OUT" arrow.

You may need to tap end with force to get it to start sliding.

Disassembly Note:

For quick take down and future set up, you may leave graphic banners on Frame (3).

Unlock and **OPEN** all locking clips as shown in Step 3.

REMOVE ANY SHELVES Collapse Frame (3) with all Fabric Graphics (5) attached by pushing down and in on unit.

MAKE SURE ALL LOCKING CLIPS ARE IN OPEN POSITION before collapsing Frame (3)
