Display Set-Up

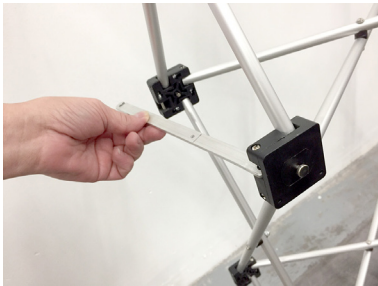

Step 1

Determine the top-front face of the display. The light clips will be on the top side of the frame, and be nearest to the front.

Step 2

Lock frame in place with lock lever on each side.

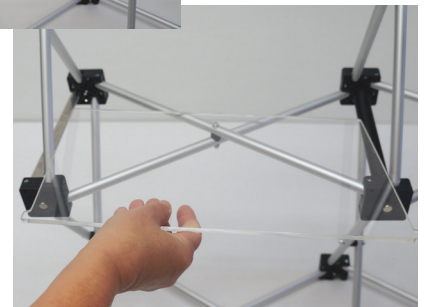

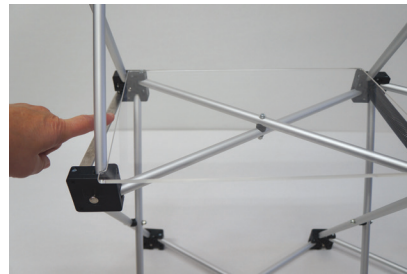

Step 3

The shelf is angled to fit into the frame. When placing the shelf, angle it to the left side of the quad. The shelf should slide in, until it bottoms out against the tabs.

Note:

It is recommended that the graphics be removed to install the shelves.

Storage and Care

Store in a cool dry location. Recommended for indoor use only.

Use window cleaner and cloth to clean shelf
